Body Of Lost Flier Found

COLD LAKE (BUP)—A Royal Canadian Air Force ground search party has found the body of 26-year-old Pilot Officer R. E. Perrie, of Ottawa, missing since his CF-100 jet crashed in Northern Alberta.

Air Force officials say the body of the navigator was found about 70 miles northeast of the air base at Cold Lake, three miles from the spot where the wreckage of the jet was found.

An intensive search had been conducted after search planes located the wreck and rescued the pilot, Flying Officer W. L. Donald, age 19, of Winnipeg.

The jet crashed after the pilot radioed he had lost control of the jet while on a night training flight, and they were going to bail out.

Donald was rescued by helicopter and taken to hospital at Cold Lake. He was described as being in good condition, suffering only minor injuries.

Pilot Officer Perrie is survived by his parents, Mr. and Mrs. W. W. Perrie of Ottawa.

Air Force officials say a full investigation into the crash will be conducted.

Many Attend Remembrance Day Celebrations

In spite of the coldest day of the year so far, with the temperature hovering around 10 above zero and a cold wind from the north, the Remembrance Day celebrations held at Lac la Biche were the best attended and the parade the largest held for some years.

The parade moved off from the Memorial Hall a few minutes before 11 a.m., led by Sgt. J. Williams, Commander W. R. Hickey, RCNR, Edmonton, representing the commanding officer of HMCS Nonsuch, took the salute.

The parade consisted of Sea Cadets, Veterans and the local Volunteer Fire Brigade, in uniform. A brief stop was made at the cenotaph where wreaths were placed by members of the three armed services, namely, Marshall Hamar for the Air Force; Daniel Beaudry for the Army, and Sublieut. R. Rizzoli for the Navy.

Remembrance Day services were held in the Anglican and the Catholic Church conducted by Rev. R. S. Greene and Rev. J. E. McGrane, respectively.

After the church services the usual Armistice Day banquet was served in Canadian Legion Hut. Mrs. Hickey was guest speaker at this event with Father McGrane president of the local branch of the Canadian Legion, chairman.

The day concluded with the annual Armistice Day dance at the Memorial Hall in the evening.

Janet Lozinski, Richard Meardi Pledged Vows In Afternoon Ceremony

HYLO — A wedding of local interest was held in Hylo Misericordia Church on Oct. 22 at 10 a.m., when Janet Katherine, oldest daughter of Mr. and Mrs. W. Lozinski became the bride of Richard son of Mr. and Mrs. Carlo Meardi. Father Becs performed the ceremony.

The church was tastefully decorated with roses. Given in marriage by her father, the bride chose a floor-length gown of white satin and lace with a train. Her embroidered veil was held in place by a coronet of orange blossoms and she carried a bouquet of roses. The attire was complemented by a three-strand pearl necklace, gift of the groom. She walked to the altar on rose petals scattered by the page boy, Master Duane Bjorgan. The flower girl, Janie Owchar followed the bride, holding her veil. She entered the church to the strains of the organ, played by Mrs. Carl Keehn.

The bride was attended by Miss Evelyn Poholsky, Miss Sherill Lozinski and Miss Grace Grandish attired in floor-length gowns yellow, mauve and pink. Matrons of honor were Mrs. Bruno Meardi, Mrs. Pete Popowich, Mrs. Fred Marchesi and Mrs. James Bjorgan all dressed in light blue with navy accessories, making a rainbow color procession. The first floor will contain the Alberta Treasury branch, liquor store, district agricultural office and Alberta Government Telephones, while the second floor will house the courtroom and offices of the department of lands and forests and municipal affairs.

Mr. Hartley will cut the ribbon in the official opening ceremonies, while Hon. A. J. Hooke, minister of municipal affairs, will be in attendance.

The building was approved last week by the government inspection branch from Edmonton.

MOLDY FEED IS DEFINITELY NOT DANGEROUS TO FARM ANIMALS

ATHABASCA—Commenting on an article run in last week's issue of this paper, H. Armfelt, Field Supervisor, said the information in the article was correct but the heading was mis-leading.

Contrary to popular notions about the feeding of farm animals, moldy oats is definitely not dangerous, Mr. Armfelt said. The article last week was intended to show this. But because of the wrong heading he feels readers of this paper may be given the wrong impression in spite of the efforts to prove the correct conclusion that moldy feed definitely is not dangerous to farm animals.

The Editor is pleased to draw this fact to the attention of all readers of this paper.

Approximately Forty Cases of Rabies Since January

HAVE YOUR DOG VACCINATED

Since January 1st, 1955, approximately forty positive cases were diagnosed at the Provincial Laboratory, 20 of these being coyotes. According to the files at the laboratory, these 20 coyotes bit 18 dogs, 1 cat, 9 head of cattle, 3 horses, 5 sheep, 14 hogs, and chased two men. In this M.D. we have been fortunate enough not to have had any cases, but this fall coyotes have been coming in from all sides and the danger of an outbreak of rabies in this municipality is still with us.

The Federal Health of Animals Division is again going to vaccinate all the dogs in the M.D. This is considered very important, as your dogs are always in danger of being attacked by coyotes. Read the schedule of dog vaccination and find out when we will be in your locality and make sure to get there on time. (Cats can and should also be vaccinated).

I have an ample supply of Coyote Poison made up; also Cyanide guns and shells. These materials will be available at the time of vaccination, or at the Provincial Building in Athabasca.

Points to Remember in Vaccination

1. Dog vaccination is compulsory whether a dog has been vaccinated or not.
2. Vaccination for rabies is free.
3. As soon as all dogs gathered at one point have been vaccinated, the veterinarian will move to the next point — please therefore, come at the exact time listed on the schedule.
4. If it is more convenient for you to bring your dog to another point than the one nearest to your farm, please do so.
5. Vaccination of cats is not compulsory, but will be vaccinated if one so desires.

Maximum \$1,500,000 Loans To Farmers On Stored Grain At 5% Interest

REGINA, Sask. (BUP) — Western farmers were told they'll get bank loans up to \$1,500 at interest rates not exceeding five per cent to relieve their critical cash shortage.

The announcement was made in a keynote speech by Trade Minister C.D. Howe to 166 delegates at the annual meeting of the Saskatchewan Wheat Pool in Regina. The Wheat Pool of Saskatchewan is the world's largest co-operative.

The announcement was expected, but still disappointing. Only last Wednesday, the delegates suspended all other business to pass a two-thirds majority resolution calling instead for both loans for emergency advances or prepayment on farm-stored grain to be distributed

through the Canadian Wheat Board and country elevator agents.

Howe was applauded by delegates at the end of his 30-minute speech, but the announcement of the bank loans was received in silence.

Howe finished on a note of optimism. He said he believes, despite present difficulties, that exports will be fairly well maintained for the whole crop year and that price levels will not collapse.

He said, "I believe that farmers will be able at the end of the current crop year (ending next July 31) to deliver to the Wheat Board the equivalent of a good average crop."

MARLER SAYS HOWE'S PLAN WILL BE GREAT HELP TO PRODUCERS

EDMONTON — Roy S. Marler, president of the Alberta Federation of Agriculture, said it is important for farmers to understand the purpose of the federal government's arrangement for guaranteed bank loans on farm-stored grain.

Commenting on Trade Minister Howe's announcement that farmers will be able to borrow up to 1,500 at five per cent interest on farm-stored grain, Mr. Marler said in a statement he does not consider the plan relief, a hand-out or a grain-marketing effort.

It is purely for the purpose of enabling farmers to obtain needed cash, using farm-stored grain as security, Mr. Marler said.

He said he feels those who urgently need this assistance—particularly through loss of last year's crop by hail, rust, frost or otherwise—will find this plan a great help.

The credit arrangement was intended only to cover immediate emergency, Mr. Marler said. Some permanent solution for the movement of grain will have to be undertaken in a different way than through offering advances on farm-stored grain.

Henry Young, president of the Farmers' Union of Alberta, said the plan will give some relief to farmers and will be used to a considerable extent.

"Farmers generally will be disappointed at the five-per-cent interest rate," he said. "We had hoped for a rate of three to 3½ per cent."

With the exception of the interest rate, the balance of the federal announcement made Saturday by Trade Minister Howe, was largely what had been expected, Mr. Young said.
